Last Stand is the fourth book in the epic science fiction series Black Legion, that tells the thrilling tale of Xenophon and the Ten Thousand Mercenaries.

The Black Legion has vanquished every army and fleet sent against it, no matter the odds. They smashed through the Cilician Gates, ravaged the Khorram shipyards, and even assaulted the Imperial planet of Cunaxa. Their warriors have broken through the walls of an Imperial Palace and even reached within earshot of the God King Artaxerxes. Millions of enemy soldiers have been sent reeling by the Legion, yet now this invincible Legion is in full retreat as it races away from the Emperor's wrath.

The Battle of Cunaxa was fought to replace Artaxerxes with his brother, Lord Cyrus. With this now impossible, the Legion finds itself lacking purpose and money. The massacre of the Legion's officer corps leaves it vulnerable, and it falls to warriors like Xenophon to hold back their desire for revenge and to put them on a path home.

The God King Artaxerxes is no fool though, and he knows he cannot let a massive Terran fleet make its way through his domain unchallenged. To do so would be to encourage dissent in his already weakened empire. Mobilising forces from a hundred worlds, he throws them all at the Legion under the command of his trusted lieutenant Tissaphernes.
